A light breeze was the order of the day and made for some interesting sailing. The water level in the lagoon was still low, however the course was set so that the boats could get around without running aground. Sid sailed his new boat and did well to come in 5th. Ian is still fine tuning his lota and came in 3rd. Both Phil and Terry are proving to be the boats to beat (both Pheonix 3 designs) with Robert not far behind in this racing format. Maurice suffered from winch travel problems and once this was reset he was able to properly race. Michael is competing well with his Pheonix 2 and came in 2nd in the last race.

Racing today was in a light to medium breeze that dropped off towards the end of the day. Michael started well but then found his boat was half full of water and had to retire (stress cracks were found in the hull). Both Ian and Brian sailed consistently well and were pushed by the two power houses, Phil and Robert. Sid and Alf have improved from day 1 and this has been shown in their rankings. Ronald was not able to race today and this has penalised his ranking, moving down from 3rd to 9th place.
