The lagoon has been opened to the sea once again after torrential rain caused minor flooding. This left the sandbanks exposed and so a very narrow triangular course was set. There was a good chance that some boats would run aground today. The breeze was light to moderate which suited Ian's Iota and it flew around the course winning all eight races. Robert was a close second and just could not keep up with the Iota. Michael has put a new rig and sails on 94 and did well to come in third. Maurice and Sid sailed well with Sid's main sail ripping near the top early in the afternoon. Allan sailed the strange looking front rudder 85 with mixed success whilst Brian never finished a race with his rejuvenated Panda - always next time!

The breeze was just right for Soling racing and this led to some close racing. Robert once again proved to be the skipper to beat winning 5 of the 8 races with Ronald, Ian and Alf all winning a race each. Ronald and Ian battled for second place with Ronald winning out on the day. Alf improved during the course of the day and came home very strongly. Michael did well after repairing cracks in 40's hull sustained at our last race day. Brian showed his star potential with a 2nd place in race 13. Sid and Maurice sailed consistently during the day with 4th places being the best for both of them. Overall a very pleasant day with tight racing and good company.
