The lagoon has recovered to an acceptable water level and the breeze was very light to start with then picked up in the early afternoon. Allan put his repaired NRW through its paces and blitzed the field in every race. Robert picked up from the last race day and took second place. Ian still had adjustment problems and could not get enough power through the jib. Terry sailed consistently to come in fourth place. Maurice and Sid battled it out for the next two places with Brian finishing in seventh place. It was good to see Brian's Panda out on the water and even better that he was able to complete the six races without any breakages!

Robert continued to be the 'boat to beat' and led the field for most of the races. At times he found little puffs of wind while the rest of us were standing still. Both Ronald and Ian battled it out for second place with Ian taking the spoils on the day. Terry had a mixed day but improved towards the end. Sid, Brian and Maurice shared the rest of the placings. Alf had a touch of gout in his foot today and so was not able to sail. However, he did come down and show us his new set of sails (look out everyone - no 19 is about to get even faster!). Next weekend is the Soling State Titles so fingers crossed that the water level in the lagoon will remain as good as it is today.
